INDEX TO VOLUME 19

The star (*) preceding the page number indicates an original article in The Archives. No author entries are made except for original articles. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters, B, O and S, respectively.

PAGE

Abscess, multiple, of axillary sweat glands 310
Acanthosis nigricans.....126, 162, 511(?)
adult and juvenile types.....*391
Acidity, hyperacidity, burning sensation in tongue caused by..... 297
Acne, conglobata 856
keloid, treatment of, by surgical diathermy 813
necrotica 997
varioliformis 492, 850
Acnitis, and lupus erythematosus..... 691
lupus erythematosus, papulonecrotic tuberculid and 501
miliary nodular tuberculosis simulating. 475
Acrodermatitis chronica atrophicans...130, 844
suppurative continue (Hallopeau)..... 152
Acromegaly, cutis verticis gyrata (sulcata) in man with..... 289
Actinodermatitis: See Dermatitis
Actinomycosis, case previously resistant to treatment, cured after destruction of encysted areas 811
treatment of 976
Addison's Disease, hypoglycemia in..... 820
in negro; 3 cases..... 470
Adenitis: See under Lymph Nodes
Adenoma sebaceum (Balzer)..... 990
Ainhum, keratoderma, symmetric palmar and plantar, and..... 154
Alibert, Jean Louis..... *89
Allan, W.: Dermatomyositis, or scleroderma? *265
Allergy, and idiosyncrasy, rôle of, in dermatology *175
biochemical investigations in allergic conditions 817
clinical aspects of, in dermatology.....*198
hereditary fact in allergic diseases with special reference to general health and mental activity of allergic patients... 470
relation of eczema to..... 973
skin sensitization to silk..... 834
Alopecia areata 693
areata, etiology of, with special reference to effect of experimental nerve injuries.*365
areata, thallium acetate treatment of.... 485
areata, treatment with ultraviolet rays... 294
causes and treatment..... 122
postfavosa 690
generalized syphilitic, and leukoderma... 322
universalis 702
Amyloidosis, of tongue..... 474
Anemia, aplastic, with acute leukemia and skin nodule of lymphatic tissue in skin. 296
Anesthesia, of mucous membranes, use of Bonain's liquid in..... 476
Anetoderma, of Jadassohn..... 814
Angina, Vincent's 489
Angioma, of glans penis..... 473
of unusual extent..... 488
treated by electrodesiccation..... 522
subungual, and ectasia, limited to hands and tongue 162
treatment of 123
Anthrax, treatment of..... 820
Antipyrine, dermatitis 689
Argyria, intradermal treatment of..... 680

PAGE

Arsenic, fast syphilis..... 291
arsenotherapy, prevention and treatment of anaphylactic shock in, by injection of cesium eosinate 977
dermatitis, melanoderma and keratoses.. 312
treatment of psoriasis with..... 294
treatment, sporotrichosis following; 3 cases 291
Arsphenamine, arsenic resistant syphilis.. 975
combination of arsenic resistance and Wassermann negativity in early syphilis 811
dermatitis.....301, 302, 318
icterus following administration of, to a nonsyphilitic patient 819
icterus, pathogenesis and treatment of... 476
local microscopic changes following administration of antisyphilitic drugs....*922
lupus erythematosus cured by antisyphilitic remedies 812
neoarsphenamine, low therapeutic index of 680
neoarsphenamine, treatment of herpes zoster with 977
therapy, in congenital syphilis in children 816
treatment, 2 fatalities from..... 290
Aspergillosis, cutaneous and splenomycosis. 293
Asthma, eczema, prurigo complex.....287, 288
from hay, with buccal lesions and acid-base disequilibrium 290
reflex itching in..... 973
studies in; eczema, its relation to allergy 973
Ataxia, locomotor: See Tabes Dorsalis
Atrophy and telangiectasia following treatment with Grenz rays..... 520
bullous cutaneous, with atrophy and white papuloid lesions 474
of skin, scleroderma associated with..515, 518
secondary postsyphilitic macular..... 292
scleroderma with 852
Aurothiosulphate: See Gold and Gold Compounds
Autohemotherapy, treatment of warts with 476

Bacteriophage, "essential" hyperkeratosis palmaris cured by..... 812
ulcer of leg cured by..... 474
Bartonella Bacilliformis: See Oroya Fever
Beeson, B. B.: Antoine Deidier; a precursor of Schaudinn and Hoffmann.....*449
Primary multiple sarcomatosis of skin...*794
Bismuth, compound, treatment of psoriasis with 294
in cerebrospinal fluid 295
liposoluble compound, experimental study of 293
liposoluble compounds, treatment of syphilis with 293
local microscopic changes following administration of antisyphilitic drugs.....*922
retention of, in organism, in treatment of syphilis *891
treatment, of lupus erythematosus..... 977
Blastoma, malignant 287
Blastomycosis .....509, 1005 (?)
cutis, maculo-anesthetic leprosy and..... 322
systemic 153, 323
Bloch, B.: Rôle of idiosyncrasy and allergy in dermatology *175
Skin diseases of endocrine origin (dyshormonal dermatoses); poikilodermalike changes in connection with underdevelopment of sexual glands and dystrophia adiposagenitalis *22

PAGE

Blood, pressure, intracranial hypertension during course of secondary syphilis.. 290
sugar, hypoglycemia in Addison's disease 820
Boardman, W. P.: Scleroderma, with especial reference to its etiology and treatment *901
Bock, H.: The occurrence of monilia in relation to psoriasis *713
Bonain's Liquid: See Anesthesia
Book Reviews:
A Textbook of Actinotherapy; D. D. Rosewarne 705
Diathermy; E. P. Cumberbatch.... 705
Die Einwirkung von Krankheiten auf das Kopfhaar des Menschen; F. Pinkus... 167
Die Hautkrankheiten, Leitfaden für Studierende und Aerzte; K. Herxheimer and E. Hofmann.... 167
Die Licterkrankungen der Haut Sonderbaende zur Strahlentherapie. Vol. 11; W. Hausmann and H. Haxthausen.. 859
Die Nichtvenerischen Genitalerkrankungen Ein Lehrbuch fuer Aerzte; F. Callomon 526
Erythema Nodosum; J. O. Symes.... 706
Handbuch der Haut-und Geschlectskrankheiten. Edited by J. Jadassohn with many collaborators 166, 705
Le traitement des teignes per l'acétate de thallium; J. G. Urueña.... 859
Manual de Enfermedades.... 705
Serum Diagnosis by Complement Fixation, with Special Reference to Syphilis. The Principles, Technique and Clinical Applications; J. A. Kolmer.... 338
Syphilis; C. C. Dennie.... 166
The Dermatogoses or Occupational Affections of the Skin; R. P. White.... 858
The Kahn Test. A Practical Guide; R. L. Kahn 526
Bromide, bromoderma 164
bromoderma (?), syphilis (?).... 848
Brown, H.: Experimental studies in eczema; rôle of sympathetic nervous system and calcium-potassium ratio in altering cutaneous irritability in rabbit.... *52
Burns, tannic acid treatment of.....817, 976
Butesin, picrate, dermatitis from....*917

Calcinosis, and scleroderma.... 121
Calcium, potassium, ratio in altering cutaneous irritability in rabbit.... *52
Cancer: See also Skin, cancer
arsenical 521
arsenical keratosis, pigmentation and.... 306
heredity, relations of, to.... 287
irradiation, with cathode rays.... 287
not a simple mendelian recessive.... 286
observations on nature of.... 286
of eyelid, radiotherapy of.... 124
of hand 325
of stomach, associated with Raynaud's disease 470
of tongue 299
susceptibility, in human families.... 287
Canneries: See Dermatosis, occupational
Carbuncle, and furuncle, treatment of... 478
Cartilage, xiphoid, absence of, and its value in diagnosis of congenital syphilis.... 682
Cathode Rays, cancer irradiation with.... 287
Cellulitis, premalleolar, localized (Boule premalleolaire) 977
Cerebrospinal Fluid, bismuth in.... 295
in leprosy, value of examination of.... 473
Cesium, eosinate, prevention and treatment of anaphylactic shock in arsenotherapy by injection of.... 977
eosinate, treatment of urticaria and allied disorders with 291

PAGE

Chancre, anal 125
extragenital syphilitic 161
gluteal 850
multiple 692
of tonsil 989
phagedenic destruction of male genitalia. 119
Chancroid, benefited after auto-inoculation.1026
treatment of, by ultraviolet light.... 290
Chargin, L.: Early syphilis, results of treatment in 444 cases....*750
Cheilitis, due to rouge.... 293
Chickenpox, immunity 122
varicella, relation of herpes zoster to.... 478
Chloasma, in man, following trauma of lumbar region 813
Cholesterol, tumors of skin and mammary gland caused by pyrogenous products of 296
Chondrodermatitis nodularis chronica helicus 1016
Cisterna Magna, puncture....*650
Cohen, M.: Dermatitis exfoliativa neonatorum (Ritter's disease)....*425
Cole, H. N.: Mercuric salicylate; study of its secretion in treatment of syphilis.*1050
Copper, in dermatology 293
Cornbleet, T.: Use of parathyroid extract in lichen urticatus *281
Correction, in article by F. D. Weidman and D. Spring, "Comparison of Ringworm Culture Ingredients: 11 and 111" (Arch. Dermat. & Syph. 18: 829 [Dec.] 1928) 285
Creeping Eruption, of Natal, known as sandworm disease 473
Curtis, A. C.: Lipid studies in xanthoma.. *35
Cutis verticis gyrata (sulcata) in an acromegalic man 289
Cyst, lymphangiectatic, of left labium minus; report of case....*945
multiple 507

Dactylitis, tuberculous: See Tuberculosis
Darier's Disease: See Keratosis Follicularis
Davis, R. H. Treatment for pemphigus; a further report *451
Davison, C.: Dermatomyositis, a clinicopathologic study; report of case with complete necropsy *255
Deidier, A.: A precursor of Schaudinn and Hoffmann *499
Dermatitis: See also Radiodermatitis
actinodermatitis, acquired 821
allergic, ichthyosis and keratosis pilaris. 329
artefacta 983
eczematiform microbic, intradermal reactions to streptococcus and staphylococcus vaccines in.... 293
eczematoid, erythema multiforme complicating 163
exfoliativa 311, 318, 519, 824, 830, 1020
exfoliativa neonatorum (Ritter's disease).*425
exfoliativa, secondary to psoriasis.... 150
factitia ....324, 483 (?)
hemostatica; case for diagnosis.... 512
herpetiformis 315, 325, 328
herpetiformia and ichthysosis.... 312
herpetiformis, or erythema multiformis..1009
herpetiformis (?) pemphigus (?) case for diagnosis 503
herpetiformis, treated with hemotherapy.. 308
medicamentosa; See also Antipyrine; Arsenic; Arsphenamine; Bromide; Butesin picrate; Gold; Hexamethylenamine; Phenolphthalein
medicamentosa ....128, 519, 703(?)
multiformis, Duhring's disease, centrifugal annular erythema evolving into.... 476
papillaris capillitii 337

PAGE

Dermatitis—Continued
pustular herpetiformis 152
seborrheic .....309, 334, 524(?)
sycosiform seborrheic 333
ulcerative roentgen and radium, diathermic treatment of..... 818
vegetans (?) 140
vegetans; report of 2 cases of Hallopeau type *77
venenata, from a volatile insecticide... 476
venenata (plaster of paris)..... 981
Dermatology, index to current literature... .....171, 342, 530, 710, 863, 1031
mechanistic era in.....*607
union of Slav dermatologists..... 468
Dermatomycosis: See Mycosis
Dermatomyositis, a clinicopathologic study; report of case with complete necropsy.*255
or scleroderma? *265
Dermatophytes: See Fungi
Dermatosclerosis 689
Dermatosis, amycotic, simulating ringworm and erosio interdigitalis blastomycetica.*659
clinical aspects of allergy in dermatology.*198
congenital ectodermal defect..... 973
multiple superficial benign epithelioma of skin; differentiation from kindred and similar eruptions *1
occupational, new monilia-like fungus; characteristics of an organism associated with a dermatosis peculiar to workers in canneries.....*800
phytopharmacologic examination of blood in pemphigus and in some other diseases of skin.....*640
psychic and nervous component of the so-called allergic skin diseases and their treatment 288
rôle of idiosyncrasy and allergy in dermatology *175
Schamberg's disease 290, 681
skin diseases of endocrine origin (dyshormonal dermatoses) *22
treatment of skin diseases without gauze dressings 297
with polycythemia 1000
Diabetes, and syphilis, relations of, one to another 816
Diathermy, surgical, in lupus vulgaris..... 122
surgical, treatment of acne keloid by... 813
therapy, of ulcerative roentgen and radium dermatitis 818
Donovan Body: See Granuloma inguinale
Driver, J. R.: Roentgen-ray treatment of spine in lichen planus *620
Drugs, antisyphilitic, local microscopic changes following administration of... 922
Duemling, W. W.: Cutaneous neuroma; report of an unusual case simulating keloid *226
Duhring's Disease: See Dermatitis multiformis
Dyschromia 505
Dystrophia Adiposogenitalis: See Pituitary Body
Dystrophy, bullous cutaneous, with atrophy and white papuloid lesions..... 474
hereditary, of nails 119
of congenital syphilis..... 317

Eckstein, H. C.: Lipid studies in xanthoma *35
Eczema, asthma-prurigo complex.....287, 288
chloride content of whole blood in..... 974
experimental studies in..... *52
infantile, ultraviolet ray therapy for..... 978
its relation to allergy..... 973
premycoticum 853
Edema, facial, thyroid treatment of..... 122
solid, of eyelids..... 152
solid, of face..... 484

PAGE

Electrocoagulation: See Diathermy, surgical
Electrodessication, angioma treated by..... 522
Elephantiasis nostra (?)..... 834
sycosis of lip with..... 316
vulvae 500
Endocrine Glands, skin diseases of endocrine origin (dyshormonal dermatoses)..... *22
Endothelioma (?)..... 480
Epidermolysis bullosa (?).....517, 701
bullosa hereditaria.....314, 489, 988
bullosa, in patient with myxedema..... 290
Epidermophyton, linear sclerosis attributed to infection with..... 289
Epididymitis, syphilitica 815
Epithelioma 521
basal cell 838
basal cell, of right hand with metastases to the axillary glands..... 307
basal cell, with metastases..... 302
corneous, of lower lip..... 688
cystic benign, Brooke—adenoma sebaceum, Balzer—its transformation into cylindric ulcerated epithelioma..... 683
following burn with hot tar..... 474
multiple superficial benign of skin; differentiation from kindred and similar eruptions *1
of tongue 329
pigmented 691
squamous cell 837
squamous cell, of sole..... 686
trichoepithelioma, contribution to our knowledge of 815
Erysipelas, influence of barometric pressure, temperature and air humidity on. 820
Erythema, centrifugal annular, evolving into Duhring's disease..... 476
due to vanilla..... 974
elevatum diutinum 151, 313
gyratum perstans 155
induratum 132
induratum and tuberculous adenitis..... 501
induratum, treated with gold..... 495
infectiosum, epidemic of "fifth disease" observed in Perugio..... 818
multiforme 159, 316
multiforme bullosum or dermatitis herpetiformis 1009
multiforme complicating eczematoid dermatitis 163
multiforme perstans 489
multiforme, recurrent.....301, 476
nodusum and scrofuloderma..... 822
nodosum, vitiligo following..... 975
perstans, associated with vitiligo..... 475
purpurica, and purpura following serum treatment 477
Erythrocyanosis, supramalleolar, results of radiotherapy of sympathetic system in. 813
Erythrodermia, premycotic, of angiomatous type 814
universale (neurodermatitis diffusa)..... 517

Favus 1008
of lid and scalp, in infant 16 days old... 292
of scalp 822
pustular, due to achorion schoenleinii; case 813
Fibroma, inflammatory 690
Fifth Disease: See Erythema infectiosum
Finsen Lamp: See Ultraviolet Rays
Fleisher, M. S.: The occurrence of monilia in relation to psoriasis.....*713
Folliculitis decalvans.....156, 687
decalvans et atrophicans (Little)..... 514
perifolliculitis capitis abscendens....840, 1027
Fox Fordyce Disease..... 130
Freezing, arterial sympathectomy in disturbances following 296

PAGE

Fried, S. M.: Hematogenous production of dermatomycoses; experimental studies. *98
Fungi: See also Mycosis
dermatophytes and dermatomycoses..... 682
light from botanic field on medical mycologic problems *867
new monilia-like, characteristics of an organism associated with a dermatosis peculiar to workers in canneries.....*800
Furuncle and carbuncle, treatment of..... 478

Gage, I. M.: Granuloma inguinale; preliminary report on culture of Donovan body *764
Gamma Rays, comparison of quantitative biological effect of gamma and x-rays.. 286
Gammel, J.: Mercuric salicylate; study of its excretion in treatment of syphilis..*105
Gangrene, of extremities, suprarenalectomy in 296
spontaneous, of extremities in young.... 298
Glossitis: See Tongue
Glutathione, skin and..... 683
Goiter, exophthalmic, disturbances of pilous system in; their experimental production by hyperthyroidization..... 682
Gold and Gold Compounds, dermatitis..309, 319
sodium aurothiosulphate treatment of lupus verrucosus of face and extremities with 294
treatment, for extensive lupus of cheeks.. 292
treatment, for psoriasis..... 288
treatment, of cutaneous tuberculosis, of leprosy and of psoriasis..... 295
treatment of erythema induratum with... 495
treatment of lupus erythematosus with, results 477
Gold Thiosulphate: See Gold and Gold Compounds
Gonorrhea, and syphilis, prevalence of, in New York State..... 121
Granuloma annulare.....323, 495, 993, 1022
for diagnosis 284
fungoides 524
inguinale.....311, 312, 488, 844
inguinale, preliminary report on culture of Donovan body.....*764
venereum, its diagnosis and treatment... 473
Grenz Rays, atrophy and telangiectasia following treatment with..... 520
sycosis vulgaris treated with..... 849
Gruhzit, O. M.: Local microscopic changes following administration of antisyphilitic drugs *922
Gumma (?) 125
of claviculo-acromial region..... 484
of lip 1025
unrecognized, evolving into a vast infiltrated plaque after incision..... 477
Guy, W. H.: Dermatitis exfoliativa neonatorum (Ritter's disease).....*425

Hair, hirsuties papillaris penis (Majocchi). 157
hypertrichosis, extensive radiodermatitis following treatment for.....1018
Hemangioma, hemangiectasia, hypertrophic of Parkes-Weber 814
Hematoporphyria, congenita 816
Hemoglobinuria, and urticaria, arising from cold; presence of dermolysin..... 818
Herpes, labialis, psychogenic origin of.... 123
zoster, generalized 291
zoster, keloid following..... 475
zoster, keloid superimposed following.... 520
zoster, neoarsphenamine treatment of.... 977
zoster, relation of, to varicella..... 478
Hexamethylenamine, dermatitis in rubber industry due to hypersensitiveness to.. 972
Highman, W. J.: The mechanistic era in dermatology *607
